Chill+ Electric Heat heating information indicates electric heat strip performance. As an ENERGY STAR® partner, Friedrich Air Conditioning Co. has determined that the selected ENERGY STAR® models meet the ENERGY STAR® guidelines for energy efficiency. The consumer, through the AHAM Room Air Conditioner Certification Program, can be certain that the AHAM Certification Seal accurately states the unit's cooling and heating capacity rating, the amperes and the energy efficiency ratio. EER is the unit's Energy Efficiency Ratio; CEER is the unit's Combined Energy Efficiency Ratio. Your energy costs will depend on your utility rates and use. The estimated energy cost is based on a electricity cost of \$.12 per kWh. For more information, visit www.ftc.gov/energy.

Due to continuing research in new energy-saving technology, specifications are subject to change without notice.

FEATURES

Comfort & Convenience

- 24-hour timer
- Auto air sweep swing louvers* provide more even air distribution
- Chill units feature a 3 speed fan for cooling or fan-only setting
Chill+ units feature a 2 speed fan for cooling, heating or fan-only setting
- Chill+ units quickly provide warm air into the room
- Ultra quiet operation
- 4-way air flow control
- Auto-restart saves settings if power is interrupted
- Slinger ring condensate removal

Chill+ models can be used for primary heating in moderate climates and as supplemental heating in colder climates. They are ideal for rooms that are always 'too cold in winter'.

Electric heat models utilize a heating element to provide warm air quickly.

Your Friedrich dealer can assist you in selecting the right unit for your particular climate and application.

Safety & Security Features

- EntryGard™ anti-intrusion protection

Installation Features

- Slideout chassis*
- All Chill models have sleeve built into the unit
- Install in window or thru-wall**
- Standard installation hardware
- Expandable side curtains
- Power cord can run either left or right out of the side of the unit front*

Earth Friendly

- Zero Ozone Depletion Refrigerant
- R32 refrigerant with low Global Warming Potential (select models)
- ENERGY STAR® qualified models
- Money Saver® setting saves money by operating the fan only when cooling

Health

- Washable, antimicrobial air filter
- Check filter alert
- Stale air exhaust*

AUTO AIR SWEEP

Oscillating fan for constant air movement left and right*

LCD REMOTE

Select MODE, FAN SPEED, MONEY SAVER®, AUTO AIR SWEEP*, adjust TEMPERATURE and set the TIMER.

* Feature not available on CP05. ** CP05 has a fixed chassis and is for window installation only.

All Chill models have sleeve built into the unit.

* Minimum extensions when mounted in a window.

** Minimum widths achieved using one side curtain assembly as opposed to both in a standard installation.

† Sleeve P1 does not have In-wall hole dimensions, as these units are fixed chassis and should not be installed In-wall.

100 - 150	5000
150 - 250	6000
250 - 300	7000
300 - 350	8000
350 - 400	9000
400 - 450	10000
450 - 550	12000
550 - 700	14000
700 - 1000	18000
1000 - 1200	21000
1200 - 1400	23000
1400 - 1500	24000

Based on normal room insulation, average number of sun exposed windows and two person occupancy.

1. **If heavily shaded**, reduce cooling Btus required by 10%
2. **If very sunny**, increase cooling Btus required by 10%
3. Add 500 Btus per person for **more than 2 people**
4. Add 4,000 Btus if **the area is a kitchen**
